

Improved Design- Softer Feel

Quattro™ Ear Plugs

Reusable plugs use patented design to deliver superior fit and comfort, easy insertion/removal and hygienic handling! **Now 27 NRR & 34 SNR!**

27 NRR (ANSI) and 34 SNR (CE)
Protection Level: 92—102 dB

Quattro™

Reusable Patented Ear Plugs. Insertion and removal is easy. More hygienic than rolling down foam plugs.

Product Features:

- Contoured 4-flange, ultra-soft polymer design puts more material in contact with ear canal. Delivers all-day comfort , superior attenuation.
- Built-in, firm handle allows user to direct the angle of insertion, adapting to each ear canal.
- Advanced non-allergenic polymer material Non-irritating, resistant to ear wax and body oils; outlasts PVC ear plugs.
- Washable, reuse for weeks with no loss of comfort or effectiveness and lower life-cycle costs and increased economy.
- Universal size, self-contours to fit virtually any shape of ear canal, accommodates diverse workforce to simplify inventory control.

Other Key Product Features

- Five versions available Corded, un-corded, poly-bagged, plastic case with key-chain and metal detectable.
- Independent and certified laboratory tested, ANSI 27 dB NRR, CE 34 dB SNR.
- U.S. Military national stock numbers assigned (NSN).
- Made in the U.S.A.
